LEAP began in the United States in 2002, where the movement has played a key role in reforming and implementing alternative models in US states.

LEAP has since spread across the Atlantic, having established chapters in the UK, Germany, Scandinavia, France, Spain...

LEAP IN THE WORLD

LEAP Europe's members come from the police, justice, army, prison and intelligence forces

They are experts in police/population relations, the safety of public officials, and in the justice system. In criminal procedures and the local and global impact of drug trafficking

Its network of experts and academics extends internationally and makes LEAP a major player in tomorrow's health and safety policies

LEAP EUROPE

One objective

To improve the safety and public health of Europe's populations through the project of reforming criminal justice

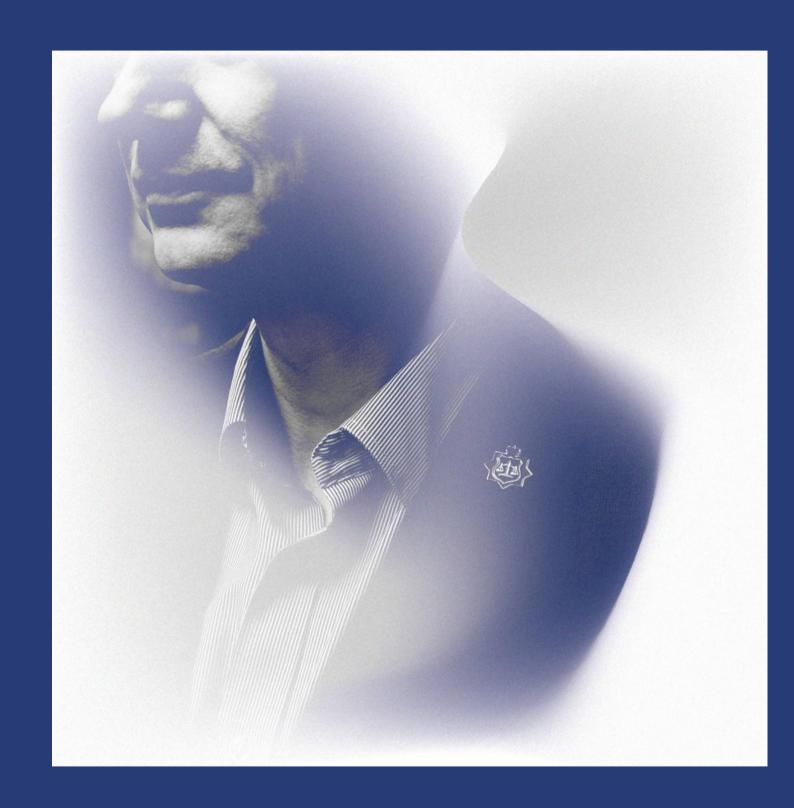

How can this be done?

By re-establishing a relationship of trust between law & order officers -in particular the police forces- with the greater public, in particular by changing drug policies

LEAP EUROPE

- Organises events in 2022 in European capitals to meet and make interact its networks with local & national stakeholders
- Provides its expertise to the general & specialised press
- Intervenes with the wider public & political decision-makers on criminal policy reform projects, including drug policies
